# WHY SUPPORT THE CLUB LIMERICK DRAW

This fundraising draw has been in operation for many years and thankfully over the last number of years membership has increased substantially. This is without question due to the hard work, dedication and support of our clubs and supporters. Success on the playing field comes at a cost whether for your club or our County and the profits from this draw greatly help to alleviate these costs. As we look ahead to 2023 the planning and preparation for a successful sporting year has now begun. With this in mind, I would request your support by way of membership for this draw at a cost of €10 per month, €5 of which will remain with your club and all remaining proceeds will assist our County Football and Hurling teams prepare for their upcoming sporting year. Please join today and support your club and County with an opportunity of winning some fantastic cash prizes from the overall prize fund of €231,000.
